You may present a detailed account of the impact the offence has had on your life. The following sections are examples of information you may wish to include in your statement. You are not required to include all of this information.

## Emotional impact

Describe how the offence has affected you emotionally. For example, think of:

- your lifestyle and activities;
- your relationships with others such as your spouse, family and friends;
- your ability to work, attend school or study; and
- your feelings, emotions and reactions as they relate to the offence.

I continue to feel empty. I keep Logan's bedroom door closed so his smell won't disappear and when I cry while laying on his bed I can't breath. I feel numb and lost. Logan is my only son, I remember the day he was born, my life felt complete, 2 beautiful daughters and now a son. The boy I always longed for. The day he was gone, my life was destroyed. My heart forever broken. The details of this accident and the way my son died, never stops haunting me. My life is forever changed. His smile is now only a memory and his humor missed by all. Logan Hunter, my son was a rookie in the SJHL, he loved his coaches, his teammates and his family. He loved being with people, and had a great future ahead. I met Darcy Haugan, just the once and he wanted to talk to me more about Logan's educational opportunities ahead instead of his scoring ability on the ice saying "Shauna you know how big this is," yes indeed it was big, Logan had just scored an amazing SAT of 1160. Logan loved his dog Charlie and loved being full of life, his passion for sports filled his heart.

## Physical impact

Describe how the offence has affected you physically. For example, think of:

- ongoing physical pain, discomfort, illness, scarring, disfigurement or physical limitations;
- hospitalization or surgery you have had because of the offence;
- treatment, physiotherapy or medication you have been prescribed;
- the need for any further treatment or the expectation that you will receive further treatment; and
- any permanent or long-term disability.

After the accident I was prescribed an antidepressant and will most likely stay on them. The pain in my chest is always there and I fight through anxiety everyday. I started therapy with a registered psychologist shortly after the accident, as I felt so lost. My work day since the accident consists of a lack of focus. My memory and multi tasking skills have deteriorated. I truly get through my days and nights only because of my son. He would want me to try to live with more love and less fear. That's easier to say than to do. My son's life should of been full of so much more. He has been robbed of so many life experiences and therefore so have I. He should of been a father, he loved kids.. Logan inspired to be a teacher and through hockey hoped to play college hockey on a scholarship. His dream vanished and the many years we should of had together taken away.

### Economic impact

Describe how the offence has affected you financially. For example, think of:

- the value of any property that was lost or damaged and the cost of repairs or replacement;
- any financial loss due to missed time from work;
- the cost of any medical expenses, therapy or counselling; and
- any costs or losses that are not covered by insurance.

Please note that this is not an application for compensation or restitution.

Forever will need to seek counseling, and so will all other members of our family, Logan's sisters and step-father. I am not certain of the future of my employment as my career has also always been so meaningful, but this lost feeling consumes my day.

### Fears for security

Describe any fears you have for your security or that of your family and friends. For example, think of:

- concerns with respect to contact with the offender; and
- concerns with respect to contact between the offender and members of your family or close friends.

### Drawing, poem or letter

You may use this space to draw a picture or write a poem or letter if it will help you express the impact that the offence has had on you.
